Detailed Action

1. The Examiner agrees with the arguments presented in the Remarks filed 10-3-2005 regarding cited prior art usage of multi-walled rather than single-walled nanotube mixtures, and thereby withdraws both rejections in the Office Action mailed 6-29-2005.

Allowable Subject Matter

2. Claims 84-119 are allowed.

Examiner's statement of reasons for allowance

The following is an examiner's statement of reasons for allowance:

3. Claims 84, 104, and 118 are allowed because prior art fails to show a method for purifying single-wall carbon nanotubes comprising:

- a) providing a mixture containing single-wall carbon nanotubes and at least one other reaction product formed in a method for producing single-wall carbon nanotubes;
- b) heating the mixture under oxidizing conditions, and
- c) recovering a purified product having a higher concentration of single wall carbon nanotubes than the mixture.

4. Claims 85-103, 105-117, and 119 are allowed by virtue of their dependency upon allowed claims 84, 104, and 118.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
